

This policy is based upon Hertfordshire County Council's criteria for schools where it is the employer.

PART 1. STATEMENT OF INTENT

The Governing Body of Boxmoor Primary School will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the Health and Safety at Work, etc., Act 1974 and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section.

This policy will be brought to the attention of, and/or issued to, all members of staff on Induction. A copy is also held on file in the staff and admin policies folder on the school's network.

This policy statement and the accompanying organisation and arrangements will be reviewed on a bi-annual basis.

This policy statement supplements Hertfordshire County Council's (HCC) Health and Safety Policy and any others which are relevant to H&S, e.g. Educational Visits, Medical Conditions and Managing Medicines, Behaviour, Physical intervention Policy, etc...

PART 2. ORGANISATION

As the employer, the LA has overall responsibility for Health and Safety in Community and Voluntary Controlled Schools. At a school level, duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective. They fulfil a strategic role in health and safety and are not expected to be involved in the day to day management of the school.

As a minimum these systems should adhere to the LA's Health and Safety Policy, procedures and standards as detailed in the [Education Health and Safety Manual](#).

A Health and Safety Governor has been appointed by the Governing Body to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The Governing Body will receive regular reports from the Headteacher or other nominated member of staff about health and safety matters, including patterns found within accident logs, in order to enable them to provide and prioritise resources for health and safety issues.

Where required, the Governing body will seek specialist advice on health and safety which the establishment may not feel competent to deal with. The Education Health and Safety Team, Tel: 01992 556478 healthandsafety@hertfordshire.gov.uk provide competent health and safety advice for Community, Community Special and VC schools.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety in accordance with the LA's Health and Safety Policy and procedures / Governing Body's Health and Safety Policy and procedures rests with the Headteacher.

The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable the Health and Safety Policy and procedures to be implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant people including contractors.
- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions. The Headteacher will report on the effectiveness of health and safety arrangements to the Resources Committee; health and safety being a standing agenda item at each meeting.
- Reporting to the Governing Body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.
- Ensuring that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Reporting to HCC any significant risks which cannot be rectified within the establishment's budget.
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications and contract conditions.

Whilst overall responsibility for health and safety cannot be delegated, the Headteacher may choose to delegate certain tasks to other members of staff.

The task of overseeing health and safety on the site has been delegated by the Headteacher to the Caretaker.

Responsibilities of other staff holding posts of special responsibility

- Apply the school's Health and Safety Policy to their own department or area of work.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE, etc.).
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the Headteacher of any problems they are unable to resolve within the resources available to them.
- Carry out regular inspections of their areas of responsibility and report / record these inspections.
- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.
- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly recorded within the behaviour and accident logs and investigated.

Responsibilities of employees

Under the Health and Safety at Work Act 1974, etc. all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions.

All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the school's Health and Safety Policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

PART 3. ARRANGEMENTS

Detailed information on the LA's expectations are provided in the [Education Health and Safety Manual](#).

- Appendix 1 - Risk assessments
- Appendix 2 - Offsite visits
- Appendix 3 - Health and safety monitoring and inspections
- Appendix 4 - Fire evacuation and other emergency arrangements
- Appendix 5 - Fire prevention and testing of equipment
- Appendix 6 - First aid and medication
- Appendix 7 - Accident reporting procedures
- Appendix 8 - Health and safety information and training
- Appendix 9 - Personal safety and lone working
- Appendix 10 - Premises work equipment
- Appendix 11 - Flammable and hazardous substances
- Appendix 12 - Moving and handling
- Appendix 13 - Asbestos
- Appendix 14 - Contractors
- Appendix 15 - Work at height
- Appendix 16 - Display screen equipment
- Appendix 17 - Vehicles
- Appendix 18 - Lettings
- Appendix 19 - Minibuses
- Appendix 20 - Stress
- Appendix 21 - Legionella
- Appendix 22 - Swimming pool
- Appendix 23 - Work experience

APPENDIX 1

RISK ASSESSMENTS

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. Those risk assessments relating to the premises contained in the Education Health and Safety Manual are drawn up by the Caretaker. Those risk assessments relating to Curriculum areas are drawn up by Subject Leaders. All risk assessments are approved by the Headteacher.

Risk assessments are available for all staff to view and are held centrally in the School Office. These assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest. Staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by class teachers or Headteacher. Such risk assessments will be reviewed annually. It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities will be carried out by class teachers using the relevant codes of practice and model risk assessments detailed below. Whenever a new course is adopted or developed all activities are checked against these and significant findings incorporated into texts in daily use (e.g. lesson plans). All LA schools have a subscription to CLEAPSS and their publications¹ are used as sources of model risk assessment within science, art and DT. In addition, the following publications are used within the school as sources of model risk assessments:

- Be Safe! Health and Safety in primary science and technology, 4th Edition ASE ISBN 798-0-86357-426-9
- National Society for Education in Art & Design (NSEAD)
<http://www.nsead.org/hsg/index.aspx>
- Safe Practice in Physical Education and School Sport' Association of PE 'afPE'
<http://www.afpe.org.uk/>

¹ CLEAPSS Science and D&T publications CD Rom or via www.cleapss.org.uk

APPENDIX 2

OFFSITE VISITS

The LA has adopted the Outdoor Education Advisory Panel's national guidance for learning outside the classroom and offsite visits and all offsite visits will be planned following this guidance available via <http://www.hertsdirect.org/services/edlearn/schlif/outside/offsitevisits/>

The LA's Offsite Visits Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or 'wild' country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system. (Evolve will be used for the planning and approval of **all** offsite visits. Relevant risk assessments, participant's names etc. will be attached electronically as required.)

The member of staff planning the trip will submit all relevant paperwork and risk assessments relating to the trip to the school's Educational Visits Co-ordinator(s) who will check the documentation and planning of the trip and if acceptable initially approve the visit before referring to the Headteacher.

(Please also refer to Offsite Visits Policy.)

APPENDIX 3

HEALTH AND SAFETY MONITORING AND INSPECTION

A general inspection of one third of the site will be conducted termly and be undertaken by the Caretaker and Headteacher. The whole site will be inspected every 12 months.

The person undertaking the inspection will complete a report in writing and submit this to the Headteacher and the Health and Safety Governor. Responsibility for following up items detailed in the safety inspection report will rest with the Caretaker in the first instance.

The Health and Safety Governor will undertake an audit of the school's health and safety management systems on an annual basis and report back to the Resources Committee.

Advice and pro forma inspection checklists can be found in the [Education Health and Safety Manual](#).

Inspections will be conducted jointly with the health and safety representative(s) if possible.

APPENDIX 4

FIRE EVACUATION AND OTHER EMERGENCY ARRANGEMENTS

The Headteacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained in the [Education Health and Safety Manual](#). The fire risk assessment is located in the school's fire log book, kept in the School Office, and will be reviewed on an annual basis.

Emergency Procedures

Fire and emergency evacuation procedures are detailed in the staff handbook and a summary posted in each classroom. These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process. Training is supported by regular drills.

Evacuation procedures are also made available to all contractors / visitors.

Emergency exits, fire alarm call points, assembly points etc. are clearly identified by safety signs and notices.

There is no automatic alert to the fire brigade; contact is via a 999 call.

Emergency contact and key holder details are maintained by the School Secretary and updated to the Local Authority via Solero.

Fire Drills

Fire drills will be undertaken termly and results recorded in the fire log book.

Fire Fighting

Ensure the alarm is raised BEFORE attempting to tackle a fire.

The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, **if it is safe to do so without putting themselves at risk**, using portable fire fighting equipment.

Staff should be made aware of the type and location of portable fire fighting equipment and receive basic instruction in its correct use.

Details of service isolation points

Gas: Rear of school in power house

Electricity: Meter cupboard in main entrance

Water: Rear of school outside power house

This information is also displayed on wall signs.

Details of chemicals and flammable substances on site.

An inventory of these will be kept by Caretaker as appropriate, for consultation.

APPENDIX 5

INSPECTION / MAINTENANCE OF EMERGENCY EQUIPMENT

The Caretaker is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book located in School Office.

FIRE ALARM SYSTEM

Fire alarm call points will be tested weekly in rotation. This test will occur on no set days. Any defects on the system will be reported immediately to the alarm contractor / electrical engineer CODRUS.

A fire alarm maintenance contract is in place with CODRUS and the system tested 6 monthly by them.

FIRE FIGHTING EQUIPMENT

Weekly in-house checks that all fire fighting equipment is available for use and operational and for any evidence of tampering.

CODRUS undertakes an annual maintenance service of all fire fighting equipment.

Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to CODRUS.

EMERGENCY LIGHTING SYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken.

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use.

APPENDIX 6

FIRST AID AND MEDICATION

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extra-curricular activities).

Parents / carers will be notified immediately of all major injuries to pupils.

Where there is any doubt about the appropriate course of action, the first aider will consult with the Health Service helpline: NHS 111

TRAINED TO FIRST AID AT WORK LEVEL (3 days/18 hr):

See list kept in School Office

TRAINED TO EMERGENCY FIRST AID AT WORK (1day/6 hr):

See list kept in School Office

TRAINED TO EYFS STANDARD – PAEDIATRIC FIRST AID (2 days/12 hr):

See list kept in School Office

OTHER TRAINING IN EMERGENCY FIRST AID (6hr)

See list kept in School Office

First aid qualifications remain valid for 3 years. The Admin Assistant will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS:

School Office and all classrooms.

The Admin Assistant is responsible for regularly checking (termly) that the contents of first aid boxes are complete and replenished as necessary.

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents / carers will be notified immediately of all major injuries to pupils. No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents/carers cannot be contacted in time.

Where there is any doubt about the appropriate course of action, the first aider will consult with the NHS telephone 111 and in the case of a pupil with their parents / carers.

Hemel Hempstead Urgent Care Centre **HEMEL HEMPSTEAD** HP2 4AD
01442 213141

Accident and Emergency Dept Watford General Hospital Main Block – Level 1
01923 217758 or 01923 217842

* Supplementary first aid training focussed on pupil needs and could include other specific risks, e.g. sports first aid for PE staff etc.

There is no mandatory requirement for schools to purchase a defibrillator it continues to be dependent on your own risk / needs assessment.

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document [Managing Medicines in Schools and Early Years Settings](#)

The school will, at the request of the parent / carer and with the consent of the Headteacher, administer medication prescribed by a medical practitioner. The school however is not able to guarantee that this can be done in all circumstances.

No member of staff will administer **any** medication (prescribed or non-prescribed) to children under 16 without a parent's written consent except in exceptional circumstances.

Office staff are responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering. Records of administration will be kept by the office staff.

All non-emergency medication kept in school are securely stored (e.g. lockable cupboard in School Office, refrigerated meds kept in clearly labelled container within fridge detail location) with access strictly controlled. All pupils know how to access their medication. Under no circumstances will medication be stored in first aid boxes. Emergency medication and devices such as asthma inhalers, blood glucose testing meters and adrenaline pens are always readily available to children and not locked away. These will be kept in School Office or child's own class, and clearly labelled. The school have chosen to hold an emergency salbutamol inhaler for use by pupils who have been prescribed a reliever inhaler and for whom parental consent for its use has been obtained.

Health Care Plans

Parents / carers are responsible for providing the school with up-to-date information regarding their child's health care needs and providing appropriate medication.

Individual health care plans are in place for those pupils with significant medical needs, e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis, etc. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the school and will be reviewed annually by SENCo.

All staff are made aware of any relevant health care needs and copies of health care plans are available from the School Office.

Staff will receive appropriate training related to health conditions of pupils and the administration of medicines by a health professional as appropriate.

APPENDIX 7

ACCIDENT REPORTING PROCEDURES

Accidents to employees

Where the LA is the employer then **all** employee accidents, no matter how minor, must be reported to them using the online accident reporting system hosted on Solero.

Accidents to pupils and other non-employees (members of public / visitors to site etc.)

A local accident book in the School Office is used to record all minor incidents to non-employees. More significant incidents as detailed below must also reported to HCC using the online accident reporting system hosted on Solero.

- Major injuries
- Accidents where significant first aid treatment has been provided
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital
- Accidents arising from premises / equipment defects.

All major incidents will be reported to the Headteacher and the Governing Body / Health and Safety Governor. Parents / carers will be notified immediately of all major injuries.

Accidents will be monitored for trends by the Headteacher and raised at Resources Committee meetings as appropriate.

The Headteacher, or their nominee, will investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment, systems of work, etc. must be reported and attended to as soon as possible.

Reporting to the Health and Safety Executive (HSE)

Incidents involving a fatality or major injury will be reported immediately to the Health and Safety Executive (HSE) on 0345 300 9923 and the Education Health and Safety team on 01992 556478.

Incidents resulting in the following outcomes must be reported to the HSE via their online reporting system <http://www.hse.gov.uk/riddor/> within 15 days of the incident occurring.

- A pupil or other non-employee being taken directly to hospital for treatment and the accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision / organisation, etc.
- Employee absence or inability to carry out their normal duties as the result of a work related accident, for periods of 7 days or more (including weekends and holidays).

Any incident notified to the HSE must also be reported to the Education Health and Safety Team.

APPENDIX 8

HEALTH AND SAFETY INFORMATION AND TRAINING

Consultation

The Resources Committee meets termly to discuss health, safety and welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management.

Communication of Information

Detailed information on how to comply with the LA's Health and Safety Policy is given in the [Education Health and Safety Manual](#), which is available for reference via the Grid.

The Health and Safety Law poster is displayed in the Staff Room.

The Education Health and Safety Team, Tel: 01992 556478 provide competent health and safety advice.

Health and Safety Training

All employees will be provided with:

- **a copy of and** induction training in the requirements of this policy
- update training in response to any significant change
- training in specific skills needed for certain activities (e.g. use of hazardous substances, work at height etc.)
- refresher training where required.

Any new instructions or restrictions will be communicated to all staff via staff meetings and highlighted as part of the standard cycle of policy review.

Training records will be kept by the School Office. The Admin Assistant is responsible for co-ordinating health and safety training needs and for passing information relating to these for inclusion in the training and development plan. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line managers attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

APPENDIX 9

PERSONAL SAFETY / LONE WORKING

The school believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff.

Staff will report any such incidents to the Headteacher. The school will work in partnership with the LA and police where inappropriate behaviour / individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary.

Work involving potentially significant risks (for example, work at height) must not be undertaken whilst working alone.

Staff working outside of normal school hours must obtain permission of the Headteacher / senior member of staff / their line manager and sign in and out of the school premises.

Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency, e.g. access to a telephone or mobile phone, etc. For staff conducting home visits, expected control measures would include: mobile phone contact, notifying a colleague of visit details, expected time of return / end time and arrangements for contacting, etc. Where there are known risks which may affect staff safety, staff should not visit alone.

School staff responding to call outs

Response to alarm activations is by a security company who will attend, deal with the situation and report back to the school. There is no expectation that school staff will respond to such call outs.

APPENDIX 10

PREMISES AND WORK EQUIPMENT

Statutory inspections

Regular inspection and testing of school equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept by the Office Manager.

The Caretaker is responsible for identifying all plant and equipment in an equipment register and ensuring that any training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised / have received specific training is labelled accordingly. All staff are required to report to the Caretaker or the School Secretary any problems found with plant / equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal.

Planned maintenance / inspection

Regular inspection and testing of school plant and equipment is conducted to legislative requirements by competent contractors and/or by the Caretaker. Records of such monitoring will be kept by the Caretaker. (Key areas for compliance are outlined on the Grid.)

Curriculum areas

Subject Leaders are responsible for ensuring maintenance requirements for equipment in their areas are identified and implemented.

Electrical safety

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to the Caretaker.

All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependent upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually. This inspection and testing will be conducted by a reputable company frequency of inspection and testing.

Personal items of equipment (electrical or mechanical; including phone / iPad / camera chargers) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment.

A fixed electrical installation test (fixed wire test) will be conducted by a reputable company on a 5-year cycle.

External play equipment

External play equipment will only be used when appropriately supervised. This equipment will be checked daily before use for any apparent defects, and the Caretaker will conduct a formal termly inspection of the equipment.

PE and play equipment is subject to an annual inspection by a reputable company.

APPENDIX 11

FLAMMABLE AND HAZARDOUS SUBSTANCES

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the Control of Substances Hazardous to Health Regulations 2002 (COSHH Regulations).

Within curriculum areas (in particular science and DT), Subject Leaders are responsible for COSHH and ensuring that an up-to-date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's 'Topics in Safety', etc.)

In all other areas, the nominated person responsible for substances hazardous to health is the Caretaker.

They shall ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed
- material safety data sheets are obtained from the relevant supplier for all such materials
- where required, COSHH risk assessments are conducted and that these assessments are seen and understood by those staff that are exposed to the product / substance
- all chemicals are appropriately and securely stored out of the reach of children
- all chemicals are kept in their original packaging and labelled (no decanting into unmarked containers)
- suitable personal protective equipment (PPE) has been identified and available for use; PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, the Caretaker is responsible for ensuring that COSHH assessments are available from contractors (this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring specialists, etc).

APPENDIX 12

ASBESTOS

An asbestos survey and management plan is in place for the school in accordance with [HCC's asbestos policy](#). The school's most recent asbestos management survey was conducted on 5/09/12

The school's asbestos log (including school plans, asbestos survey data and site specific management plan) is held by the Caretaker The Headteacher will ensure that **all** school staff (and others such as catering and cleaning staff who may not be employed directly by the school) are made aware of the location of Asbestos Containing Materials (ACM) within their work areas.

Under no circumstances must staff undertake any work which could disturb the fabric of the building or fixed equipment, e.g. affixing anything to walls without first obtaining approval from an Asbestos Authorising Officer. (Even stapling / pushing a drawing pin into ACM may result in the release of fibres into the air.)

In the event of any damage occurring to materials known or suspected to contain asbestos this will be reported to one of the school's asbestos authorising officers and the area immediately evacuated and closed / locked off.

Professional advice will be sought and details of the incident reported to HCC's asbestos team asbestos@hertfordshire.gov.uk.

The school's Asbestos Authorising Officers are the School Secretary and Caretaker and refresher training is required 3 yearly.

Prior to **any** work commencing on the fabric of the building or fixed equipment (e.g. boilers, kilns etc.), either by contractors or school staff, one of the Asbestos Authorising Officers **must** check the asbestos log and establish whether permission to work can be given.

The Headteacher / Asbestos Authorising Officers shall ensure:

- that the asbestos log is consulted at the earliest possible opportunity and that **all** work affecting the fabric of the building or fixed equipment is entered in the permission to work log and signed by those undertaking the work
- a visual inspection of asbestos containing materials remaining on site is conducted and recorded (legal requirement to do so annually as a minimum)
- the limitations of the management survey and areas of the building that have **not** been surveyed are understood and considered as part of the permission to work process, e.g. areas above 3m in height, within ceiling voids (where panels / tiles are fixed), floor voids and ducts, etc.
- all records pertaining to asbestos are effectively maintained and retained (there is a legal requirement to do so for a period of 40 years)
- the school's asbestos management plan is kept up to date and that any asbestos works (removal, new project specific surveys etc.) are notified to the LA via asbestos@hertfordshire.gov.uk.

APPENDIX 13

CONTRACTORS

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice.

All contractors must report to School Office where they will be asked to sign the visitors' book and wear an identification badge. Contractors will be issued with guidance on fire procedures, local management arrangements and vehicle movement restrictions.

The Headteacher or Caretaker is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and for keeping records of all contractor work.

School managed projects

The [Construction \(Design and Management\) Regulations 2015](#)² applies to all building, demolition, repair and maintenance or refurbishment work.

Where the school undertakes projects direct, the Governing body are considered the 'client' and therefore have additional statutory obligations. The school will ensure landlords consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought.

To ensure contractor competency the school uses a property framework contractor as a method of procuring works. These contractors have satisfied HCC that they understand and abide by health and safety regulations. Details can be found at <http://www.thegrid.org.uk/info/premises/property.shtml>

Contractors will be required to provide a construction phase plan, risk assessments and method statements detailing the safe systems of work to be used prior to works commencing on site.

Risk assessments and method statements shall be specific to the site and all aspects of the works to be undertaken. The school, contractors and any subcontractors involved will exchange relevant information regarding the work activities and agree the risk assessments.

² Such projects are notifiable to the HSE where the work exceeds 30 days or involves more than 500 person days of work. In such instances and/ or if there will be more than 1 contractor on site at the same time (in which case a principal designer and principal contractor must be appointed in writing by the client) an agent will be used to work on the school's behalf.

APPENDIX 14

WORK AT HEIGHT

Working at height can present a significant risk, where such activities cannot be avoided a task specific risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height.

Storage above head height is minimised as far as possible. Where this cannot be avoided, only light-weight and rarely-used items are stored there.

When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff must not climb onto chairs, etc.

Only those persons who have been trained to use ladders safely may use them. Basic instruction is provided to all staff who use ladders / stepladders: <http://www.hse.gov.uk/pubns/indg405.pdf>.

Formal training on work at height, use of ladders, mobile tower scaffolds, etc. will be provided where a significant risk is identified as part of an individual's role.

The nominated person responsible for work at height is the Caretaker.

The nominated person shall ensure:

- all work at height is properly planned and organised
- the use of access equipment is restricted to authorised users
- all those involved in work at height are trained and competent to do so
- the risks from working at height are assessed and appropriate equipment selected
- a register of access equipment is maintained and all equipment is regularly inspected and maintained
- any risks from fragile surfaces is properly controlled.

All other staff must only use the 2-step steps provided in every classroom in school.

APPENDIX 15

LIFTING AND HANDLING

Generic risk assessments for regular manual handling operations are undertaken and staff are provided with information on safe moving and handling techniques. Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

Those manual handling activities which present a significant risk to the health and safety of staff, will be reported to the Caretaker and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

Paediatric moving and handling

All staff who move and handle pupils have received appropriate training (both in general moving and handling people techniques and specific training on any lifting equipment, hoists, slings, etc. they are required to use).

All moving and handling of pupils has been risk assessed and recorded by a competent member of staff.

Equipment for moving and handling people (hoists, slings etc.) is subject to inspection on a 6 monthly basis by a competent contractor.

APPENDIX 16

DISPLAY SCREEN EQUIPMENT (DSE)

All staff who use computers daily as a significant part of their normal work (significant is taken to be continuous / near continuous spells of an hour or more at a time), e.g. admin / office staff, shall have a DSE assessment carried out.

Staff should be encouraged to take regular self-assessment tests available on the 'Grid'.

Staff identified as DSE users are entitled to a free eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use).

Advice on the use of DSE is available in the [Education Health and Safety Manual](#).

APPENDIX 17

VEHICLES ON SITE

Vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them.

Access to the school must be kept clear for emergency vehicles.

The vehicle access gate must not normally be used for pedestrian access.

APPENDIX 18

LETTINGS / SHARED USE OF PREMISES

Lettings are managed by the Office Manager following HCC guidance.

APPENDIX 19

MINIBUSES

Not applicable.

APPENDIX 20

STRESS / WELLBEING

The school and Governing Body are committed to promoting high levels of health and wellbeing and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and HCC's management standards.

The school has in place systems for responding to individual concerns. The first point of contact being the Headteacher. We also subscribe to Schools Advisory Service (SAS) counselling for staff.

APPENDIX 21

LEGIONELLA

The school complies with advice on the potential risks from legionella as identified in the [Education Health and Safety Manual](#).

A water risk assessment of the school will be completed on a regular basis and the Caretaker is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water log book.

This risk assessment will be reviewed where significant changes have occurred to the water system and / or building footprint.

The risks from legionella are mitigated by basic operational controls and thus the following checks are recorded.

- water is heated and stored to 60 °C at calorifiers (any vessel that generates heat within a mass of stored water)
- weekly flushing of seldom used outlets and all showers (with all outlets flushed after school holiday periods)
- monthly temperature checks on sentinel outlets (those nearest and furthest away from calorifiers)
- quarterly disinfection / descaling of showers
- six-monthly temperature checks of stored water
- stored cold water tanks are inspected for compliance and safety on an annual basis by contractors and tank water temperature recorded.

APPENDIX 22

SWIMMING POOL

Not applicable

APPENDIX 23

WORK RELATED LEARNING

Not applicable for primary schools.
